

COMMITMENT.

In an industry that relies on accuracy and dependability, Meramec Electrical Products is renowned for producing the highest quality current transformers in the business.

For over four decades, we have been a trusted supplier to original equipment manufacturers and to the utility service aftermarket.

Every Current Transformer we manufacture is made to our customer's exact specification. We use only the highest grade components and ISO certified quality control procedures.

We are committed to the highest standards of excellence in everything we do.

 **MERAMEC**
THE CURRENT TRANSFORMER EXPERTS.
