

# Meramec Electrical Products Announces TaylorMade™ Rocketballz™ Golf Club Giveaway at 2012 IEEE PES Transmission and Distribution Conference.

## **Cuba, Missouri (April 10, 2012)**

If you really want to compete, you need the very best equipment. You need equipment that delivers performance, accuracy and dependability. In golf, that means TaylorMade, who is known for producing the finest golf clubs in the world. In the demanding electric power industry, it means Meramec. For decades Meramec Electrical Products has been renowned for producing the highest quality Current Transformers in the business. No one builds a better golf club than TaylorMade™ – and no one builds a better CT than Meramec.

The Pros at Meramec want to help you improve your game – on the course, and in your business. Meramec Electrical Products announces the giveaway of a complete set of TaylorMade™ RocketBallz™ Golf Clubs at the 2012 IEEE PES Transmission and Distribution Conference and Exposition being held May 8 – 10 in Orlando, Florida. The prize, which includes one driver, two fairway woods, one full set of irons, one sand wedge, one putter, and one golf bag, will be awarded to a lucky winner at a drawing held at the Meramec Electrical Products Booth #1362 at 5:00 PM on May 9, 2012.

Meramec invites show attendees to stop by **Booth #1362** to meet with the Meramec Pros and view our innovative technology and full line of Current Transformers that deliver performance, accuracy and dependability that really goes the distance.

**Register to win at Booth #1362 or online by visiting [www.meramec-electrical.com](http://www.meramec-electrical.com).  
The deadline for online entries is April 30, 2012.**

## **About Meramec**

Meramec Electrical Products is the preeminent manufacturer of bushing current transformers for the high-voltage circuit breaker, large power transformer, generator, and utility markets. For decades, Meramec Electrical Products has been regarded as the highest quality Current Transformer producer in the electric power distribution industry.
